ZEPHYR INTERIOR DESIGN ACADEMY

Hub guide: Site Visits Hub

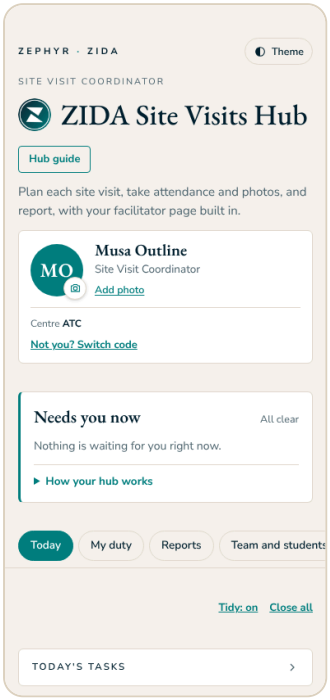

> Welcome to your Site Visits Hub. It brings your daily work into one place, so nothing depends on memory.
> This guide walks you through it, card by card. Keep it open the first few times.

Who this hub is for

Site Visits Hub is for the Site Visit Coordinator.

Opening and signing in

1. Open https://zida-team.netlify.app/site-visits/ on your phone or computer.
2. Enter your hub code once. Get your code from Operations privately; never share it or post it in a group.
3. The hub remembers your code on that device. On a phone, add it to your home screen: Share, then Add to Home Screen (iPhone) or the menu, then Install app (Android).
4. Tap Hub guide at the top of the hub at any time to come back to this guide.

The top of the Site Visits Hub on a phone: the tabs and Needs you now

Your routine

Every day

- Clock in when you arrive, before your first class.
- On a visit day, mark each student Present, Absent or Excused under Site visit attendance and reports (that day or the next).
- Tick each task as you finish it.

Each week

- Plan the next visit in full under Site visits, with the Studio and Batch attending.
- Grade new site visit reports within 7 days: 4 criteria out of 25 and written feedback.

On Friday

- Send your Weekly Report under Every Friday by 5pm.

Your hub, section by section

The sections in the order you see them. Some sit under tabs at the top: tap a tab to switch.

Finding your way: tap a tab to switch. Close all at the top of a tab closes every card in it (Open all opens them). With Tidy on, opening one card closes the others; it is on by default on a phone and you can switch it on or off. Cards with something waiting open by themselves.

Tab: Today

Today's tasks

Your tasks for today: standing duties, tasks from the Managing Director and class tasks.

1. Do each task.
2. Tick it when it is done; add a note or link if asked.
3. Unticked tasks become overdue after their time.

My classes

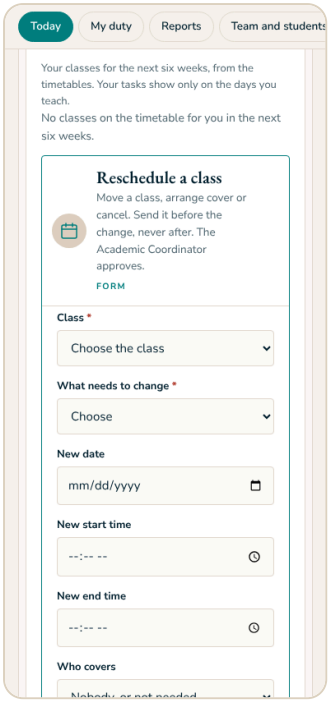

Your classes for today and the week, from the live timetable.

1. Check it each morning.
2. To move a class or arrange cover, open Reschedule a class and send it before the change, never after.

Session review

The review a moderator fills in after each class taught by an external facilitator. It replaces the Google Form.

1. Choose the class.
2. Answer every question; recommendations and concerns are required.
3. Tap Send the review the same day. Your task ticks itself.

A form opened on the Site Visits Hub: fill in each field, paste links, then Submit

Facilitator

Your facilitator page: clock in for classes and the class list.

1. Clock in before your first class.
2. Use Reschedule a class for any change.

Requests from reports

Requests you added to your reports, and their answers.

1. Add a request at the end of any report.
2. The answer shows here, and you are emailed.

Reviews of your reports

The Managing Director's review of each report.

1. Good: nothing to do. A note may be added for you.
2. Needs action: do what is asked, write what you did and tap Done.

Your hub code

Your personal hub code for this device.

1. Enter it once. Get it from Operations privately.

Tab: My duty

Site rota

The site rota and site visits.

1. Check whose month it is.
2. Record each visit and its date.

Site visits

The full plan for each site visit.

1. Tap Plan a site visit.
2. Fill in the site, address, host, date, start and end time, meeting point, the Studio and Batch attending, what to observe, and dress and safety notes.
3. Leave Report due blank for 7 days after the visit, or set a date.
4. The visit shows on each attending student's hub, and on Home the day before.

Site visit attendance and reports

Attendance at each site visit, the students' reports, and grading.

1. On the day of the visit (or the next day), open the visit and mark each student Present, Absent or Excused (add the approved excuse). Tap Save attendance.
2. Students marked Present get a Site visit report task on their hub, due 7 days after the visit.
3. When a report comes in, open Read the report, give each of the 4 criteria a mark out of 25 and write the feedback. Tap Save the grade.
4. The student is emailed the grade and sees it on the Student Hub. It counts in the Studio's continuous mark. Reports waiting more than 7 days are emailed to you as a reminder.

Optional excursion requests

Students asking for an optional excursion.

1. Set the fee for each request.

Tab: Reports

Special tasks

Tasks given to you outside your standing duties.

1. Do the task.
2. Send a Special Task Report with what you did and a proof link.

Tab: Team and students

My supervision students

Diploma students you supervise.

1. Book and hold each review.
2. Update the stage after each review.

Tab: HR and links

HR

Leave, appraisal, your records and the staff policies.

1. Open the HR Hub to ask for leave or report an absence.
2. Read the policies when you need them.

Reports, requests and links

- Daily Report: what you finished (one task per line), proof links, what you did not finish and why, and tomorrow's plan.
- Requests: add a request at the end of any report: an approval, an item, money or help. The answer comes back on your hub.
- Links: paste a Google Drive or social media link. Files cannot be uploaded here.

Clock in and out

1. Tap Clock in when you arrive, and allow your fingerprint or face check and your location.
2. Tap Clock out when you leave.
3. Forgot? Tell Operations the same day so your record can be corrected.

What happens after you submit

- Your report goes to your line manager and the Managing Director. You see "Sent today" on the form.
- Payment requests go to the Managing Director first, then Finance pays and records the proof.
- Reviews, decisions and answers come back to your hub, and by email when there is something to read or do.

Questions

I see "Slow connection, still saving..."

Wait: it is still saving. Do not tap Submit again. If it fails, you see a message and can try once more.

I forgot to clock out

Tell Operations the same day so your record can be corrected.

Someone else's name shows at the top

Tap Not you? Switch code under the name, then enter your own code. Each hub keeps its own code on your device.

I made a mistake in something I sent

Send it again with the correction and say so in the notes, or tell your line manager. Nothing is lost.

Feedback on this guide

Reply to the Monday email with anything unclear or missing. Your feedback shapes the next version.
